CERTIFICATE OF UNDERSTANDING PERPETUAL CONDITIONS/RESTRICTIONS IN WETLANDS/BUFFER ZONE

**** ADDRESS****

DEP FILE #*****

OWNER: *****

I, _____, one of the Owners of [ADDRESS], **, Massachusetts, do hereby acknowledge and understand that much of my property lies within buffer zones and/or wetlands and that any new work within this area is subject to review and approval by the Conservation Commission.

I further certify that I have received, read and understand all the conditions established in the Order of Conditions (OOC) issued by the Conservation Commission on {DATE}. There are a number of ongoing/perpetual conditions that restrict the kind of landscaping and maintenance activity that may occur within the wetlands and buffer zones. Specifically:

46. **The use of pesticides, herbicides, fungicides or insecticides is prohibited** within the Buffer Zone and only the use of slow-release organic granular type fertilizer is allowed in the Buffer Zone. This condition shall be recorded on the Certificate of Compliance.
47. There shall be **no additional alterations** of areas under Conservation Commission jurisdiction without the required review and permit(s). This condition shall be recorded on the Certificate of Compliance.
48. No debris, refuse or other materials, including but not limited to landscaping debris, leaves, shrub and tree trimmings, logs, bricks, stone or trash, shall be deposited within wetlands or riverfront resource areas or **within 50 feet of a wetland resource area**.
49. **Continued maintenance of all disturbed areas**, in a manner which assures permanent stabilization and precludes any soil erosion shall be the responsibility of the Applicant/Owner/Assign of this property.

I have carefully reviewed and understood the above requirements contained in OOC which pertain to current and future landscaping work at [ADDRESS] and agree to adhere to them.

Date: _____

Applicant: _____

DEP File Number: 158-_____

Project Address: _____

Date: _____

Based on information received by this office and from a recent site visit, we note the following:

Recording: ☐ You recorded your Order of Conditions with the Registry of Deeds.

☐ _____

Sign: ☐ Your 2'x2' sign with your DEP file number was properly installed.

☐ _____

Erosion Control: ☐ Your sedimentation and erosion control has been properly installed in the appropriate location(s).

☐ _____

You MAY / MAY NOT begin work.

Required Actions: _____

Please be aware of the following **requirements** (as stated in your Order of Conditions):

1. **Erosion Control Maintenance:** It is your responsibility to maintain your sedimentation and erosion control in good working order.
2. **Fines:** Fines may be issued if work of any sort occurs beyond your sedimentation and erosion control boundary (e.g., dumping, grading, cutting, or construction) or damage to the wetland or buffer zone occurs as a result of failure of your sedimentation and erosion control.
3. **Final Stabilization and Erosion Control Removal:** It is your responsibility to ensure permanent stabilization of the site and remove and properly dispose of your sedimentation and erosion control once the site is fully stable.
4. **Certificate of Compliance:** It is your responsibility to request and secure from the Conservation Commission a Certificate of Compliance once the project has been completed. A copy of the Request for Certificate of Compliance can be found on our website at: http://www.framinghamma.gov/web/pages/conservation_index.html.

Please contact us at the above address, phone number or email if you have any questions.
